In order to continually improve the quality and/or performance of our instruments and/or make use of the best available components, Epiphone reserves the right to change specifications without notice.

Because the guitar has a shorter string length, it has been **tuned** to the recommended **3 half steps up to G**, instead of the Standard E of other guitars. The following shows you how to tune to G and the some chord forms to get common pitches.

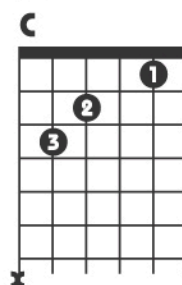

STRING #	Low 6TH	5TH	4TH	3RD	2ND	High 1ST
Standard Tuning (E)	E	A	D	G	B	E
The Roadie Tuned to (G)	G	C	F	A#	D	G
